

Product Data Sheet

Product Name: **General Purpose Graffiti Remover**

Description/Uses: General Purpose Graffiti Remover is a fast acting, mild, easy to use liquid graffiti remover. General Purpose Graffiti Remover is used to remove crayon, white out, permanent marker, ink, and pencil. General Purpose Graffiti Remover can be used on white boards, desks, cupboards, filing cabinets, fire box cabinets, etc.

Surface Preparation: Wash the surface with water prior to applying the General Purpose Graffiti Remover to the surface.

Application Information

Method: Use product full strength, do not dilute. Wet down the surface with water, then apply General Purpose Graffiti Remover to the affected area with a rag or spraying. Allow the product to penetrate the surface for 60 seconds and then agitate with a cloth. Wipe off with a clean cloth and wash down with water.

Specifications

Coverage Rate: Up to 50-100 Square Ft/Quart depending upon graffiti area, surface porosity, surface texture, and method of application.

DOT Shipping Class: N/A

Hazardous Class: N/A
